Nippon Television Network Corporation (Nippon TV) is Japan's number one rated broadcaster, having won the Triple Crown title for the entire year of 2015 by topping the TV ratings charts in the All Day, Prime Time, and Golden Time categories. Since becoming Japan's first commercial broadcaster in August 1953, Nippon TV has come to be known as the country's finest producer and broadcaster of all genres of content ranging from news, documentaries, sports, dramas, entertainment shows to animation and movies. One of the biggest successes for Nippon TV is our format "Dragons' Den". To date, the format has been sold in over 26 countries and regions. Nippon TV also has a wide variety of group companies that deal with TV and film production including technical production, animation, events, TV shopping, merchandising, and last but not least Hulu operated by HJ Holdings LLC.

The future is bright for Nippon TV and we couldn't be more excited for what we have in store for you. Thank you for your trust and support through all our endeavors, and we hope to continue our great relationship with you.

Sincerely,

Yoshio Okubo
